Portfolio: https://akshay4321.github.io/

Summary of Qualification:

- Dedicated and results-driven Web Developer with over 3+ years of experience in developing user-focused, efficient, scalable, adaptable and Single Page UI Applications and web applications.

- Enhanced web application robustness and scalability by implementing backend technologies such as .NET, C#, PHP, Node.js, Laravel, Express.js, SQL, and MongoDB.

- Proficient in building responsive user interfaces that seamlessly communicate with microservices through RESTful APIs, enhancing application performance.

- Designed dynamic and multi-browser compatible pages using HTML5, CSS3, SASS, React.JS, Angular and JavaScript (ES6) with a keen eye for UX design.

- Experience in complete software SDLC which includes requirement, coding, design, analysis, testing, using Agile, Test-Driven methodologies.

- Excel in troubleshooting problems using innovative technical solutions.

- A creative problem solver with the ability to develop strategic plans, take ownership, and deliver solutions.

- Open to adopting new development trends and passionate about clean code and industry best practices.

- Self-motivated, Attention to detail, Goal-oriented with Excellent interpersonal skills and the ability to take leadership roles.

- Able to work as part of a collaborative team and independently with an ability to thrive in a fast-paced production environment.

- Strong organizational, verbal communication, collaboration, and excellent problem-solving skills.

Technical Skills:

- **Tools, Technologies, and Editors:** Visual Studio, PHP Storm, JIRA, Kibana, Notepad++, Adobe XD, Slack, Visual Paradigm.
- **Programming languages and Frameworks:** ASP.NET, C#, PHP, Laravel, Node.js, Express, JavaScript, React.js, TypeScript, AWS, Bootstrap, Material UI, Sass, jQuery, Python, OAuth, CodeIgniter, WordPress, Jest.
- **Database:** MySQL, MSSQL Server, MongoDB (NoSQL).
- **Operating Systems:** Linux, Ubuntu, Windows 7 and 10, macOS.
- **Version Control Systems:** Git, Atlassian Bitbucket, Azure.

Related Work Experience:

- ❖ **Web Developer**   Dec 2019 – Feb 2022

  Company Name: Netsol IT Solution, India
  Language and Tools: PHP, ASP.NET, Node.js, Laravel, AWS, CSS, HTML5, JavaScript, React, Material UI, Angular, GitHub, SQL, MongoDB, WordPress

  - Developed websites utilizing PHP, ASP.NET, Node.js, Express, Laravel, HTML, CSS, JavaScript and Angular.js languages.

  - Implemented web solutions employing Visual Studio and ASP.NET MVC layouts to ensure efficient functionality.

  - Crafted visually appealing, user-friendly designs and streamlined code to enhance website performance and user engagement.

  - Engineered highly responsive, scalable web applications tailored to various industries and client specifications.

  - Conducted thorough testing and validation protocols, optimizing application functionality and performance.

  - Managed both new development and updates across multiple programming languages.

  - Oversaw the complete lifecycle of applications, from initial design to debugging and full-scale production.

  - Addressed client feedback to identify and resolve issues, ensuring optimal functionality and user satisfaction.

  - Contributed to Quality Analysis of the system by performing debugging, end-to-end manual testing and unit testing cases using Jest.

  - Specialized in building SaaS e-commerce websites, booking systems, and product-based applications.

- Proficient in developing Restful APIs and adept at resolving complex problems to enhance application performance and functionality.

- Worked closely with developers, project managers, UI/UX team and testers (QA) to meet client requirements.

❖ **Application Engineer**   Jan 2019 – Oct 2019

Company Name: Riversand Technologies, India
Language and Tools: ASP.NET, MSSQL Server, Postman, Kibana, Jira, Kafka, Azure, Docker, Storm UI

- Played a pivotal role in Customer Satisfaction and Support (CSAT), ensuring seamless assistance post-deployment.

- Leveraged technologies like Postman API, Docker Commands, Kibana, Strom UI, Kafka, and Azure Portal to facilitate customer support and satisfaction.

- Conducted in-depth analysis of user needs and workflows, crafting intuitive interfaces for enhanced usability.

- Identified and rectified software design flaws during both development phases and post-installation to ensure optimal performance.

- Spearheaded software system testing and validation procedures, overseeing programming tasks and documentation for quality assurance.

- Developed moderately complex code aligned with precise business requirements and user stories.

❖ **Project Trainee**   Jul 2017 - Dec 2017

Company Name: Infusion Infotech, India
Language and Tools: ASP.NET, MSSQL Server, CSS, HTML, JavaScript, GitHub

- Developed and maintained robust and scalable web applications using the ASP.NET, C#, JavaScript, jQuery, and Ajax.

- Responsible for responsive and adaptive design, and accessibility of web pages.

- Implemented and maintained content management systems, including installation, configuration, Troubleshooting, and creating custom plugins and content types.

- Fixed bugs from existing websites and implemented enhancements that significantly to client projects.

- Responsible for adaptive design, and accessibility of web page.

- Manually tested sites in various browsers and mobile devices to ensure cross-browser compatibility and responsiveness.

❖ **Project Trainee**   Apr 2017 - Jun 2017

Company Name: Eastern Techno Solutions, India
Language and Tools: PHP, jQuery, CSS, HTML, JavaScript, MySQL, Ajax, Bootstrap

- Worked on a project 'SuratCricUps'; It's a sport management project exclusively for the game of cricket.

- In my project, I took charge of a system with three parts: Admin, Organizer, and Player. As the Admin, I managed live cricket scores. Being an Organizer, I helped pick players to make teams based on their profiles. I also let players create and handle their profiles, making it easy for organizers and players to communicate smoothly.

- Tested sites in various browsers and devices to ensure cross-browser compatibility and mobile responsiveness.

- Written modern, performant, maintainable code for the project.

Education:

Post Graduate Certificate in Computer Applications Development   **Academic Year:** May 2023 – Dec 2023
Conestoga College, Waterloo, ON, Canada

Post Graduate Certificate in Big Data Solution Architecture   **Academic Year:** May 2022 – Dec 2022
Conestoga College, Kitchener, ON, Canada

Master of Science in Information Technology   **Academic Year:** 2017 – 2019
J.P.Dawer Institute of Information Science and Technology (VNSGU), Surat, Gujarat, India

Bachelor of Science in Information Technology   **Academic Year:** 2014 – 2017
J.P.Dawer Institute of Information Science and Technology (VNSGU), Surat, Gujarat, India
